TITLE INDEX

- A new approach to testing *ex ante* purchasing power parity, 148
- A reappraisal of parity reversion for UK real exchange rates, 139
- A comparative analysis of the causes of discrimination between rental and owner-occupied housing units, 84
- A diffusion model of right-to-work law history in the United States, 96
- A note regarding ARCH and the threshold processes: results from a Monte Carlo study, 210
- A model of dynamic efficiency measurement, 119
- A note on the tests of Granger-causality between exports and economic growth, 207
- A duration analysis approach to the examination of the lengths of periods of price stability in the UK retail petrol industry, 233
- Accuracy of the translog function, 172
- An empirical investigation of the export growth-economic growth relationship, 44
- Another look at the evidence on foreign aid led economic growth, 194
- Balance of payments determined growth in Germany, 89
- Capital punishment and deterrence: a comment on Cloninger's paper, 12
- Chaotic volatility in market portfolios, 63
- Cointegration analysis of agriculture and non-agricultural sectors in the Chinese economy 1952-92, 227
- Cointegration, causality and the government budget-inflation relationship in Greece, 204
- Cointegration, risk aversion and real asset prices, 236
- Consistency under exponential forecasting, 14
- Cost structure in college and university student health centres, 123
- Cross country evidence on nonlinearity in industrial production between the wars, 77
- Determinants of the level and methods of charitable giving in the 1990 *Family Expenditure Survey*, 200
- Duopsony models with consistent conjectural variations, 8
- Estimating the impact of the higher fuel tax on US gasoline consumption and policy implications, 4
- Factors determining the income velocity of money in a developing economy, 58
- Forecasts of inflation with price expectations, 92
- Foreign aid and economic growth in Cameroon: evidence from cointegration tests, 161
- Foreign aid and economic growth in Cameroon: a reply, 55
- Government wage differentials for women: do city dwellers earn more?, 35
- How not to find the relationship between foreign aid and economic growth, 32
- How do UK regional commercial rents move?, 19
- Hysteresis in the earnings function: an analysis by occupation, 158
- Impact of trade on purchasing power parity in black market and official exchange rates, 69
- Interpretation of negative sample selection effects in wage offer equations, 187
- Investment data and the empirical relationship between exporters, government and economic growth, 107
- January or April? Tests of the turn-of-the-year effect in the New Zealand stock market, 81
- Kuznets's inverted-U hypothesis revisited, 111
- Long-run purchasing power parity: the case of Greece 1980-1992, 99
- Market volatility and skewness persistence, 215
- Measurement error and the returns to excess schooling, 142
- Motivations that underlie the subscription prices in common stocks rights offerings: industrial firms, 178
- Portfolio mix and net charge-offs at large United States commercial banks, 183
- Price instability and inflation: empirical evidence from the People's Republic of China, 25
- Pricing options on short-term interest rates using discrete arbitrage-free models, 1
- Property tax effects on intrametropolitan firm location: further evidence, 29
- Purchasing power parity and market frictions: a neutral band analysis, 230
- Purchasing power parity: a cointegration analysis of the Australian, New Zealand and Singaporean currencies, 167
- Residential location and the earnings of white and Hispanic men, 127
- Sampling errors and the substitution between white-collar and blue-collar workers, 164
- Segmented trends and the stochastic properties of UK output, 132
- Structural change and unit root testing: British industrial production 1700-1913, 39
- Takeover activity and share returns in Australia: a note, 66
- Testing nonlinearities in purchasing power parity, 41
- The demand for test match cricket, 103
- The social impact of unemployment, 223
- The investment-output ratio in growth regressions, 74
- The elasticity of scale in large New York Stock Exchange companies and corporations, 1975-92, 134
- The stability of velocity: a test for seasonal cointegration, 152
- The unbiasedness of the forward exchange rate: evidence from the 1920s, 49
- The effects of inflation on economic growth in industrial and developing countries: is there a difference?, 175
- The behaviour of closed-end country fund prices in the Asian NIEs, 219
- The effect of unemployment insurance on unemployment rate and average duration: evidence from pooled cross-sectional time-series data, 114
- Velocity and money growth variability: evidence from Japan, 145
- Wealth transfers and the initial pricing of PERCS, 190
